**sdmay23-48: Arduino hands-on and design resources/tools for Designers**
Week 2 Report
October 1 - October 7

## Team Members
Joe Kroeger  — *Team Organization*
Kyle Todd  — *Testing*
Tsung Hsuan Ho  — *Project Management*
Zhengyi Shen  — *Client Interaction*

## Summary of Progress this Report
During this period we better defined our main goal for the project. We met with our sponsor as a team to better understand his expectations of us. We made contact with a professor of industrial design and will continue to meet with her weekly for her assistance and insight.

## Pending Issues
We are still waiting to receive Arduino kits.

## Plans for Upcoming Reporting Period
We plan to start working on an empathy map and research an affinity map. We will brainstorm question to ask industrial design student to better get to know them and their needs.
